

DUNCAN & TOPLIS

Specialist
accountants to
the Healthcare
sector

A middle-aged man with grey hair, wearing a light blue button-down shirt and a purple stethoscope, is looking towards the left of the frame. He is holding a white tablet computer in his left hand. In the background, a woman in blue scrubs is walking away, and another person is partially visible on the left. The setting appears to be a hospital or clinic.

We want to talk about the future of your medical practice

Duncan & Toplis understand the dynamic and highly regulated environment in which you are required to run your practice and look after your patients.

With the help of our specialist healthcare team, we have the finger on the financial pulse of your businesses, leaving you to concentrate on your area of healthcare expertise. Whether it is the tax bill that gives you a headache or the tedious recording of financial data that takes you away from growing your business, let us take the strain with our tax services and cloud accounting solutions.

Our experienced team understand that successfully managing the financial side of your practice demands specialist knowledge of your sector, first class technical skills and a tailored approach, as no two practices are the same.

**We are members of
AISMA, the Specialist
Medical Accountancy
Services and the
ICAEW Healthcare
Group.**

Our specialist healthcare team will deliver a tailored package

- A named specialist healthcare director, tax manager and accounts manager.
- Accounts presented in a format useful as a management tool.
- Benchmarking statistics.
- Recommendations of how to improve profitability where appropriate.
- Fee quotes tailored to your needs.
- A review of your current accounting system for time saving efficiencies.
- Regular updates on topical issues.
- Annual employment seminars and finance updates.

We will ensure that your business is earning the highest possible profits in order to allow you to run the practice effectively and enable the partners to maximise personal income.
